3. CONCLUSION

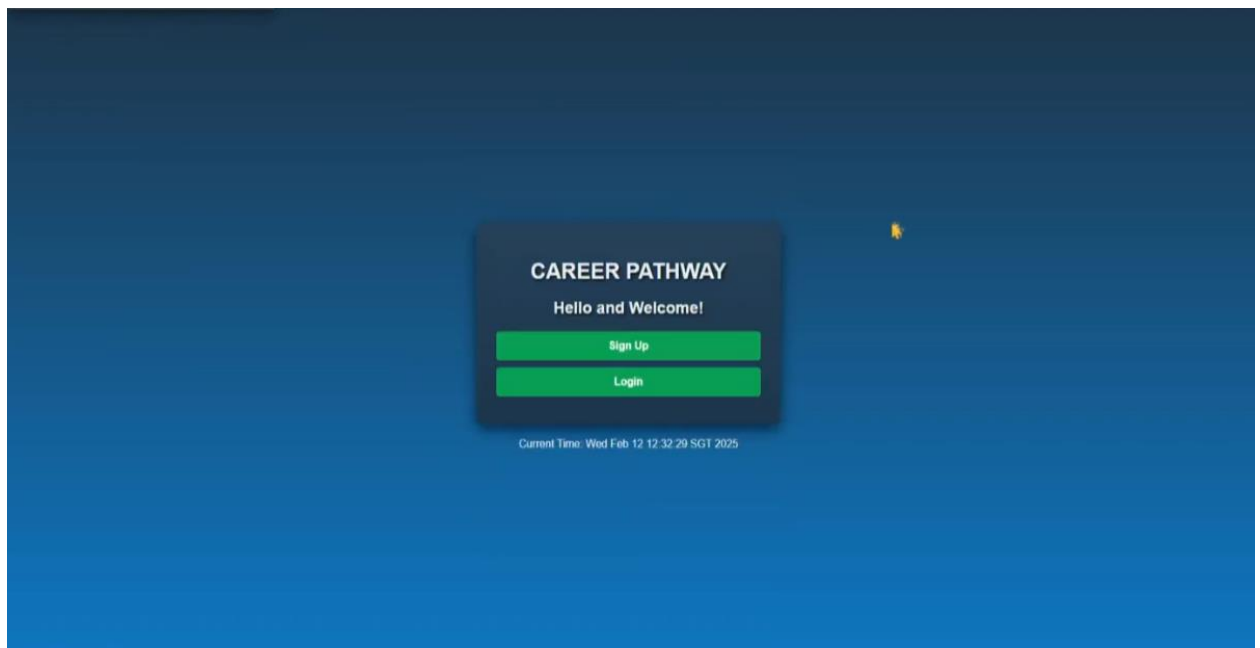

1. INTRODUCTION

Welcome to the user manual for Career Pathway Platform System an innovative website designed to make searching career more convenient and easier for our customers. The Career Pathway Platform System is designed to bridge this gap by providing a structured and personalized career guidance solution.

This system, developed using Java Technology and the MVC framework, serves as a web-based platform where users can explore various career options, assess their skills, receive tailored recommendations, and connect with educational or professional opportunities. It integrates features such as user profiles, career assessments, job and course recommendations, and mentorship connections to help individuals make informed career decisions.

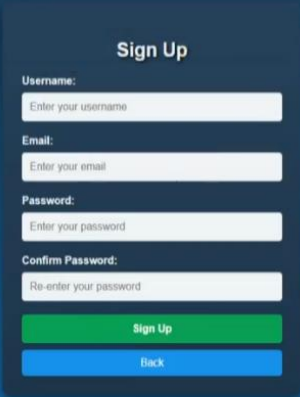

This manual will guide you through the various features of Career Pathway System, helping you to maximize your career choices and understand how to make the most of our services.

2. Admin

2.1 MAIN PAGE

This is the first page of the system also known as main page. Admin needs to sign up first if they don't have any account and can log in after that.

A dark-themed 'Sign Up' form centered on a blue gradient background. The form has a title 'Sign Up' at the top. Below it are four input fields: 'Username:' with placeholder 'Enter your username', 'Email:' with placeholder 'Enter your email', 'Password:' with placeholder 'Enter your password', and 'Confirm Password:' with placeholder 'Re-enter your password'. At the bottom are two buttons: a green 'Sign Up' button and a blue 'Back' button.
